SERVICES

1

CROCOTT FOR IPTV/OTT

A video platform, allowing your content stream on all major platforms and apps (iOs, Android, Smart TVs) with builded payment system.

2

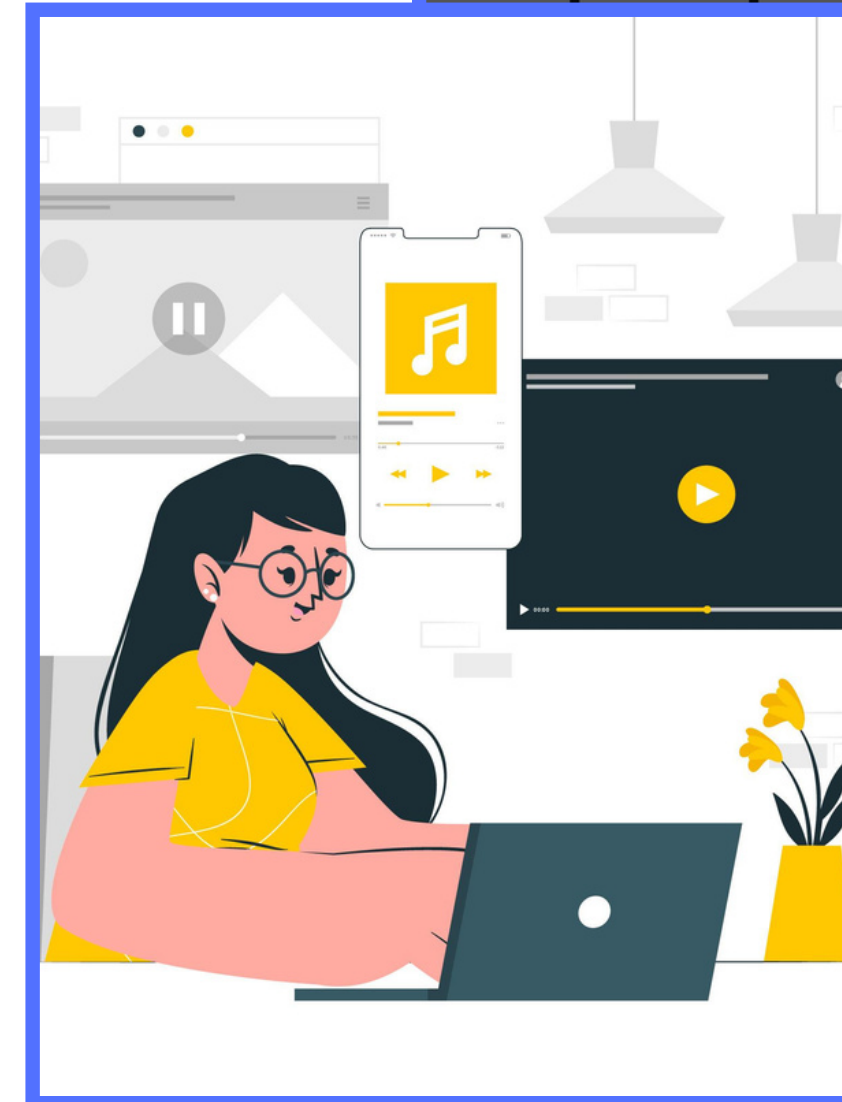

MEDIA SERVER

Add more features to your video journey: restreaming/transcoding, timeshifts, overlays, video/audio effects, WebRTC/RTP streams, Computer vision streams and more.

3

COMPUTER VISION

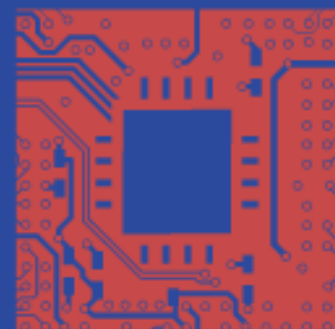

Using digital images from cameras/videos/deep learning models, machines can accurately identify and classify objects and then react to what they "see".
